

# PEVASUN UV50

The waterproof **UV protection lotion**, with sun protection factor 50, as protection against skin damage by natural and technical UV rays.

## PROPERTIES

**PEVASUN UV50** protects the skin against UV exposure from sunlight (e.g. in road construction as well as leisure activities) as well as against UV exposure from technical radiation sources (e.g. during welding work).

- ✓ Has a sun protection factor of 50 (SPF 50) and therefore provides high protection against UV-B radiation.
- ✓ Offers high protection against UV-A radiation.
- ✓ Offers high protection against UV-C radiation.
- ✓ Is easily distributed on the skin and is well absorbed.

## COMPOSITION

**PEVASUN UV50** consists of selected, high-quality raw materials.

- Protection against UV-A, UV-B and UV-C rays is ensured by a specific combination of organic and inorganic light protection filters.
- Is effective against free radicals and nourishes the skin.
- Is adjusted to a pH value of approx. 6.5.
- Has a very pleasant smelling scent
- Is waterproof
- Is silicone-free

## APPLICATION

Apply **PEVASUN UV50** before work respectively before sun exposure generously to the skin and rub in carefully.

**PEVASUN UV50** can be applied to the entire body. For a lasting protective effect, the cream should be applied repeatedly.

## PRODUCT DESCRIPTION

**PEVASUN UV50** is a white to slightly yellowish O/W suspension, pleasantly scented.  
pH-value: 5.5 – 7.0  
Density: approx. 1 g/cm<sup>3</sup> (20 °C)

## LEGAL REGULATIONS

**PEVASUN UV50** is subject to the EU Cosmetics Directive 1223/2009.

All our cosmetic products are manufactured according to GMP (Good Manufacturing Practice) and are subject to microbial quality control.

## STORAGE INSTRUCTIONS

**PEVASUN UV50** has a shelf life of 12 months after opening the container.

## SKIN CARE TIPS

If the skin is soiled, an adapted hand cleanser should be used (e.g. **PEVASTAR SOFT** for medium to heavy soiling or **PEVA PREMIUM** for extreme soiling).

After work, the skin should be regularly rubbed with a suitable skin care product (e.g. **PEVALIND**, the skin care lotion rich in active ingredients) for regeneration.

## DISPENSER SYSTEMS

- **VOORMATEC SF2** - Plastic dispenser for 1 l and 2 l soft bottles (different variants available)
- **PEVAMAT SF** - Stainless steel dispenser for 1 l and 2 l soft bottles (different variants available)
