

PEVACLEAN ECO

Eco-friendly **SKIN CLEANSING LOTION**, also for sensitive skin, for removing of heavy soiling such as oils, grease, dust, etc. Unscented.

With natural abrasives made from walnut shell meal.

PROPERTIES

PEVACLEAN ECO effectively removes heavy soiling such as oil, grease, dusts, lubricants, various types of paints, toner, etc.

- ✓ cleanses particularly gently on the skin, with nature-based refatting
- ✓ is free-flowing and suitable for use in soft bottle dispensing systems (see reverse)
- ✓ has been awarded the European Union's EU Ecolabel for its environmentally friendly formulation and packaging. For cosmetic cleansers, the EU Ecolabel stands for reduced impact on aquatic ecosystems, strict compliance with biodegradability requirements, and the limitation of packaging waste
- ✓ is also suitable for use by people with sensitive skin

COMPOSITION

PEVACLEAN ECO consists of selected, high-quality raw materials, which are to a large extent of plant origin.

- skin-friendly sugar surfactants are part of a modern, synergistic surfactant system
- contains finely ground and rounded off walnut shell meal as an abrasive. Walnut shells are a waste product, so that there is no competition with food
- walnut shell meal does not clog any drains

- contains natural almond oil and coconut oil components that ensure a creamy skin feel during hand washing and a particularly good refatting effect after washing
- is pH-neutral to skin
- is free of silicone and solvents
- was rated "very good" in a dermatological-allergological test on subjects with sensitive skin. This proves the special skin compatibility of **PEVACLEAN ECO**

APPLICATION

Rub **PEVACLEAN ECO** into dirty, dry hands until the dirt dissolves. Add some water, wash thoroughly and rinse well.

PEVACLEAN ECO is economical in use. One dispenser dosage quantity is sufficient for thorough manual cleaning.

Note: Avoid contact with the eyes. In case of contact with the eyes, immediately rinse thoroughly with plenty of water.

PRODUCT DESCRIPTION

PEVACLEAN ECO is a light beige, free-flowing hand cleaner.

pH-value: 4.1 – 5.2

Density: approx. 0.95 g/cm³ (20°C)

LEGAL REGULATIONS

PEVACLEAN ECO is subject to the EU Cosmetics Regulation and in Germany to the Food, Consumer Goods and Feed Code (LFGB).

All our cosmetic products are manufactured according to GMP (Good Manufacturing Practice) and undergo microbial quality control.

STORAGE INFORMATION

PEVACLEAN ECO can be stored in closed original containers at room temperature for at least 24 months.

SKIN CARE TIPS

In the unavoidable handling of harmful substances, a suitable skin protection agent should be used to prevent skin damage before starting work (e. g. the generally applicable skin protection lotion **PEVAPERM**).

After work, the skin should be regularly rubbed with a suitable skin care product (e. g. **PEVALIND**, the active substance-rich skin care lotion) to regenerate the skin.

FURTHER INFORMATION

Group leaflets, specifications and dermatological reports are available on request. Certificate: The product passed dermatological-allergological tests carried out under medical supervision on sensitive skin with the rating „very good“.

DISPENSER SYSTEMS
