

PEVALIN WIPES

Special hand cleaning cloths to remove stubborn soiling. Ideal for mobile working, as no water is required.

PROPERTIES

PEVALIN WIPES effectively remove stubborn soiling such as paints, varnishes, oils, grease, bitumen, tar, PU foams, adhesives, resins, etc., and are particularly suitable for mobile working at sites where water is not available

- ✓ free from abrasive agents
- ✓ deep cleansing of pores and gentle on the skin
- ✓ can be used without water

COMPOSITION

PEVALIN WIPES contain effective cleansing oils and nourishing substances to moisturise the skin.

- moist wipes
- has a pleasant fragrance
- has a skin-friendly pH value
- with environmentally neutral, skin-friendly ester oils to enhance cleansing
- contain moisturising substances based on lanolin
- is silicone-free
- is dermatologically tested with the rating "very good".

APPLICATION

Take a moist **PEVALIN WIPES** cloth from the bucket dispenser and rub it into soiled, dry hands. Continue rubbing the skin until all the soiling has been removed. No rinsing required. Dispose off used wipes with the household waste. Do not discard in the environment or flush down the toilet.

Do not use for facial cleansing.

Note: Avoid contact with plastics and painted surfaces. Do not use for facial cleansing!

PRODUCT DESCRIPTION

PEVALIN WIPES are moist, scented cleansing wipes. pH value: approx. 4.8 – 6.2

LEGAL REGULATIONS

PEVALIN WIPES are subject to the EC Regulation 1223/2009 on cosmetics and in Germany to the Food, Commodities and Feed Code (LFGB).

All our cosmetic products are manufactured in accordance with GMP (Good Manufacturing Practice) and are subject to microbial quality safety controls (in accordance with the EC Regulation 1223/2009 on cosmetics).

STORAGE INFORMATION

PEVALIN WIPES have a shelf life of 3 months after opening.

SKIN CARE TIPS

When handling harmful substances, a suitable skin protection agent should be used to prevent skin damage before starting work (e.g. the generally applicable skin protection lotion **PEVAPERM**).

After finishing work, a suitable skin care product should be applied regularly (e.g. **PEVALIND**, the active substance-rich skin care lotion) to regenerate the skin.

FURTHER INFORMATION

Group leaflets, specifications and dermatological reports are available on request. Certificate: The product **PEVALIN WIPES** passed the dermatological-allergen tests conducted under specialist medical supervision with the rating "very good".
